

ML300 - Mobile LED Projector

Incredible Power and Efficiency in a Compact Package

Mobile professionals and on-the-go presenters alike will appreciate the compact design and vivid LED performance of the Optoma ML300. Delivering 300 lumens brightness and WXGA resolution, this projector creates crisp, clear widescreen images of up to 120 inches on most surfaces. Built-in media and Microsoft Office document viewer allows for playback of videos, presentations, documents and images directly from the projector's memory, while HDMI provides quick connection to the broadest possible range of devices.

Features

- Truly portable
- Project large widescreen images of up to 120" diagonal
- 2000:1 contrast ratio for detailed images
- LED light source lasts over 20,000 hours while producing excellent color
- DLP Pico imaging technology
- Movie, photo and Office file direct playback from on-board memory or MicroSD card
- Directly display through USB
- On-board memory and MicroSD card slot allows for memory expansion up to 32 GB
- VGA and HDMI inputs – Connect to laptops, Blu-Ray players, game systems to display content

Specifications

| | | |
