NEC LT150

Travel with style

projector solutions

professional display systems

The microportable projector LT150 weighs only 1.5kg and has the size of a personal organiser (A5).
This lightweight projector was designed for frequent travellers with a demand for a professional presentation equipment.
The LT150 is easy to handle and has a high-performance data and video panel.
The PC card function allows storage of a complete presentation on a Compact Flash-card,
so it isn't necessary to connect a Notebook to deliver a perfect presentation.
