

# PLC-XU07N

## Finally a Compact XGA Projector with Full Sized Performance

- Image Pause function removes image from the screen without losing your place in the presentation.
- Includes a lightweight, padded shoulder carrying case
- Recessed Lens for protection during travel
- Power zoom and focus
- Included wireless remote with laser pointer also controls mouse functions on a PC

Give high impact, larger than life presentations yet travel light with Sanyo's amazing new PLC-XU07N. Designed to deliver stunning XGA performance on the move, this lightweight (9.4 pounds) projector features 800 ANSI lumens of brightness, power zoom and focus, full remote control, wide screen capability, a built in speaker and much more. The decision between portability or performance just got easier.....now, you can have both!

#### True XGA Resolution

Super crisp, 1024 x 768 resolution can project a detailed image up to 300" diagonally.

#### High Grade Magnesium Alloy Cabinet

Extremely light, yet tough as nails, this cabinet can handle the rigors of the road.

#### International Traveler

Multi-voltage, Multilanguage displays, and support for four color systems (Pal, SECAM, NTSC, NTSC 4.43)

#### DRIT Ensures Compatibility

Sanyo's own Digital Realized Interpolation Technology features elegant compression of an SXGA signal to produce a crystal clear, compatible XGA image.

#### Ease of Use Equals Flexibility

Anyone can use the PLC-XU07N, which makes it perfect for school use, training classes, product demonstrations, corporate presentations and more.

#### Choose Your Source

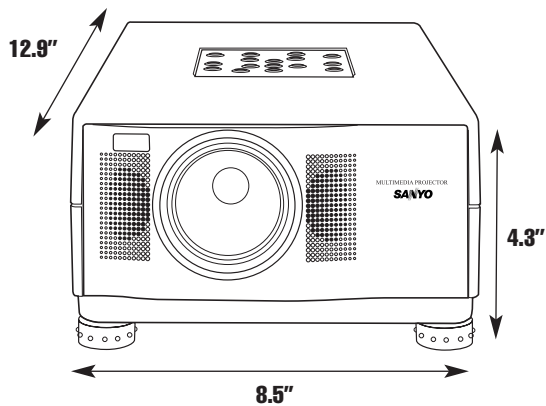

Connects via RGB (in/out), Video (in/out), S-Video, Audio in and external speaker out.

#### Quick Repair Program (QRP)

Sanyo's QRP program allows for a 24-72 hour turnaround time in the unlikely event that your projector needs warranty service. SANYO even pays the freight!
