3M™ Digital Media Systems 700 | 710

3M Vikuiti™ Super Close Projection:
Large image from a short distance keeping the projector out of the way

USB Media Reader:
No need for a PC connection to make a presentation – great for mobile solutions

Built-in DVD Player (710 only):
Convenient rear feed

Front Mount Connectors:
Better organization of cables reduces clutter

Built-in Speakers & Sound:
Powerful Dolby™ 2.0 (700) or Dolby 5.1 (710) sound adds to any presentation

The Digital Media Systems 700 series features Vikuiti™ Super Close Projection and Hollywood Quality Video (HQV™) for a 60" diagonal screen image from only about 30" away. Or, use almost any surface and get up to a 100" diagonal screen image from just 50" away. And with integrated Dolby sound, your audience will hear the action as well as see it. A full complement of connectivity options makes the system easy to use with other equipment.
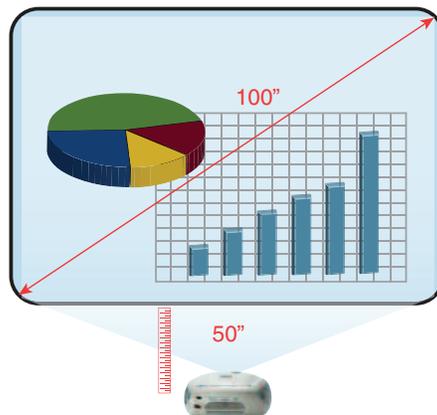

Space Saving Technology

Get larger, more vibrant images from as little as 30" away.

60"

30"

From a projection distance of 30", the projected screen size is 60"

100"

50"

From a projection distance of 50", the projected screen size is 100"

70" (177.8 cm)	34.7" (88.1 cm)
80" (203.2 cm)	39.6" (100.7 cm)
90" (228.6 cm)	44.6" (113.2 cm)
100" (254.0 cm)	49.5" (125.8 cm)

Turn Almost Any Environment Into a High-Performance Multimedia Center

When you need world-class audio/video capabilities for on-the-go presentations, movies or gaming, 3M's versatile, portable Digital Media System 700 series delivers. With HQV images up to 100" and the flexibility of native 4:3 or supported 16:9 aspect ratios that match most video formats, you'll enjoy distortion-free visuals with consistent brightness, contrast and uniformity from virtually any viewing angle.

Short-throw projection technology puts your equipment near the screen, eliminating cord clutter and noisy equipment that distracts from your presentation. Integrated high-quality stereo completes your multimedia experience.
