

Projecting wherever you go

3M™ MPro120 Pocket Projector For people presenting on the move

The new MPro120 Pocket Projector from 3M opens up a whole new world of opportunity for people wanting to present or share digital content anywhere, anytime.

- Connects easily to almost any laptop or video device for simple, quick presentations and image sharing
- Projects video and 'still' content up to 50" (1270mm) diagonal image size
- Ideal for meetings, sales pitches, impromptu business presentations – even just for fun
- At just 120x60mm the go-anywhere MPro120 fits in your pocket allowing you to take it wherever you go
- The new energy-efficient MPro120 enhances viewing time to an amazing 240 minutes without recharging
- MPro120 makes sound business sense: with integral speakers your presentations really come alive

Want to share content with colleagues and friends?
It's as easy as **one, two, three.**
