IN146

InFocus

Bright Ideas Made Brilliant

Short throw projector that fits tight budgets & tight spaces

The InFocus IN146 short throw projector has the low price to fit your budget today and the features and quality to serve you well for years to come.

Get big, beautiful images in tight spaces. Install the IN146 on a wall or ceiling or place it on a tabletop or media cart. It's a perfect fit for interactive whiteboards.

The WXGA resolution of the IN146 matches today's widescreen notebooks and HD video and its HDMI input makes connecting new technology easy. Plus, its 3D capability brings new dimensions to projected content.

MODEL
IN146
WXGA (1280 × 800)
2700 lumens

Why choose the IN146?

- ◯ Short throw fits an interactive whiteboard or other tight space
- ◯ WXGA (1280 x 800) resolution matches today's widescreen laptops and HD video
- ◯ 2700 lumens projects clear, sharp images in brightly lit rooms
- ◯ Long lamp life of up to 6,000 hours reduces costs and maintenance
- ◯ Two VGA inputs and one HDMI input
- ◯ 3D capable

Connectivity

VGA × 2	HDMI (with audio)
S-Video	Composite Video
RS232	3.5 mm audio in
3.5 mm variable audio out	Monitor out (VGA)

Short Throw
Virtually eliminate shadows and get big images with the IN146 short throw projector placed close to the wall. Fill your 1.8-metre interactive whiteboard from only 0.7 metres away.

WXGA Resolution
The widescreen resolution of the IN146 is ideal for projecting high definition video and wide laptop screens without scaling or having to make manual adjustments.

High Brightness and Low Maintenance
Display crisp, detailed images even in bright rooms with the IN146's 2700 lumens. Plus, its 6,000-hour lamp, filter-free DLP® technology, and industry-leading 5-year limited warranty will give you peace of mind for years.

Future-Ready
The IN146 is 3D capable and has an HDMI input so it's ready for whatever content you come up with. Plus, it can be turned into a wireless and/or networked display with the optional InFocus LiteShow III™ wireless adaptor.
