

**SPECIFICATIONS**

Model Name		IP-25E	IP-55E	IP-750E	
Type		3 primary Color LCD Shutter Projection Type			
Main Part Specification	LCD Panel	Size	0.7 inches X 3 Panels, Aspect Ratio 4:3	1.0 inches X 3 Panels, Aspect Ratio 4:3	
		Drive System	Poly Silicon TFT Active Matrix with Micro Lens Array		
	Optical Source	Number of Pixels	786,432 pixels (1,024 X 768 dots) X 3		
		Arrangement	Stripe		
Projection Lens		Manual Zoom: 1 to 1.2x	Manual Zoom: 1 to 1.25x	Manual Zoom: 1 to 1.3x	
Image Size		180W Super High-pressure Mercury Lamp			
Screen Size		260W Super High-pressure Mercury Lamp			
Projection Distance		300W Super High-pressure Mercury Lamp	32-300 inches diagonal		
Color Reproducibility		1.5 to 11.3 m			
Brightness		1.4 to 13.9 m	1.4 to 13 m	Full color (16,770,000 colors)	
Scan Frequency		2,000 ANSI lumens	3,000 ANSI lumens	4,500 ANSI lumens	
Maximum Resolution (At RGB signal input)		Horizontal 21 to 68.7 kHz, Vertical 50 to 85 Hz	Horizontal 21 to 80 kHz, Vertical 50 to 85 Hz	Horizontal 21 to 80 kHz, Vertical 50 to 85 Hz	
Keystone Correction		1,024 X 768 dots (Compressed display of 1,280 X 1,024 dots is possible.)	1,024 X 768 dots (Compressed display of 1,600 X 1,200 dots is possible.)	Adjustable horizontal ± 10°, vertical ± 15°	
OHP Input/Output		Scanner/Camera	2,000,000 pixels color CCD camera		
		Max Scanning Size	288 X 216 mm (11.3 X 8.5 in)		
		Scanner Output	Exif JPEG (1,600 X 1,200 dots)		
		System Requirements	OS Compatibility: Windows®2000 Professional English Ver. (SP3 or higher), Windows®XP English Ver. USB Interface: USB 1.1 or higher		
iP Viewer Functions		Scanner, White board, Print Screen, Zoom, Rotation, Thumbnail display, Pen tool, Data saving			
PC Input/Output	Analog RGB Input	Terminal Panel	15 pin Mini D-sub 1 ch	15 pin Mini D-sub 2 ch	
	Monitor Output	Output Terminal	—	15 pin Mini D-sub 1 ch	
Video Input		Signal system	NTSC/PAL/SECAM/PAL-N/PAL-M/NTSC4.43		
		Input Terminal	RCA Pin Jack 1 ch, S-Video (Mini DIN4-pin) 1ch		
Audio Input/Output	PC Input	Input Terminal	Stereo Mini Jack 1 ch	Stereo Mini Jack 2 ch	
	Video Input	Input Terminal	RCA Pin Jack 1 ch		
	Monitor Output	Output Terminal	—	Stereo Mini Jack 1 ch	
Audio Output		2 W monaural	1 W X 2 stereo	2 W X 2 stereo	
USB Connector*		USB connector (Mini B type) 1ch			
Operating Range of Temperature and Humidity		Temperature: 0 to 35°C (32 to 95°F), humidity: 20 to 80% (no condensation)			
Power Source		100-120/220-240VAC, 50/60 Hz			
Power Consumption		290W (100-120VAC), 280W (220-240VAC)	390W (100-120VAC), 370W (220-240VAC)	450W (100-120VAC), 425W (220-240VAC)	
Input Current		2.9A (100-120VAC), 1.2A (220-240VAC)	4.5A (100-120VAC), 2.2A (220-240VAC)	5A (100-120VAC), 2.5A (220-240VAC)	
External Dimensions		310 (W) X 405 (D) X 140 (H) mm /12.2 (W) X 15.9 (D) X 5.5 (H) in (not including protrusions, Including the cover)	400 (W) X 315 (D) X 145 (H) mm /15.7 (W) X 12.4 (D) X 5.7 (H) in (not including protrusions, Including the cover)	390 (W) X 380 (D) X 190 (H) mm /15.4 (W) X 15.0 (D) X 7.5 (H) in (not including protrusions, Including the cover)	
Weight		5.6 kg (approx. 12.3 lbs.)	7.3 kg (approx. 16.1 lbs.)	8.5 kg (approx. 18.9 lbs.)	
Accessories		Power Cord (3 m), Remote Control, User's Manual, Battery (Coin-type lithium battery: CR2025), PC cable, Lens cap, Spare air filter	Power Cord (3 m), Remote Control, User's Manual, Battery (AA X 2), PC cable, Lens cap		
Lamp Kit		MPLK-C1	MPLK-D2	MPLK-D1	

\* USB connectors are not guaranteed to work with all personal computers.

**Caution**

- LCD panels are inherently susceptible to pixel defects.
- A DC type super high pressure lamp is used in this projector and it is rare for the lamp to explode during use. The unit is also designed to forcibly turn off the lamp because there is a high possibility that the lamp will break if it is used beyond the limit of lamp usage time.
- Light polarizing elements such as the light source lamp and the liquid crystal panel are parts that have a limited service life. When used for a long time, repair and replacement will be necessary.
- Microsoft, Encarta, MSN, and Windows are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries.
- Company names and commodity names are trade names, trade marks or registered trade marks of each company.
- Specifications and designs are subject to change without prior notice in order to improve the product.

IP Series Intelligent projector employs a 3LCD system.

# iP Series Intelligent Projector

## iP-25E / iP-55E / iP-750E

## Easy, clear projection of objects and documents

It has a built-in high resolution document camera of 2 million pixels.

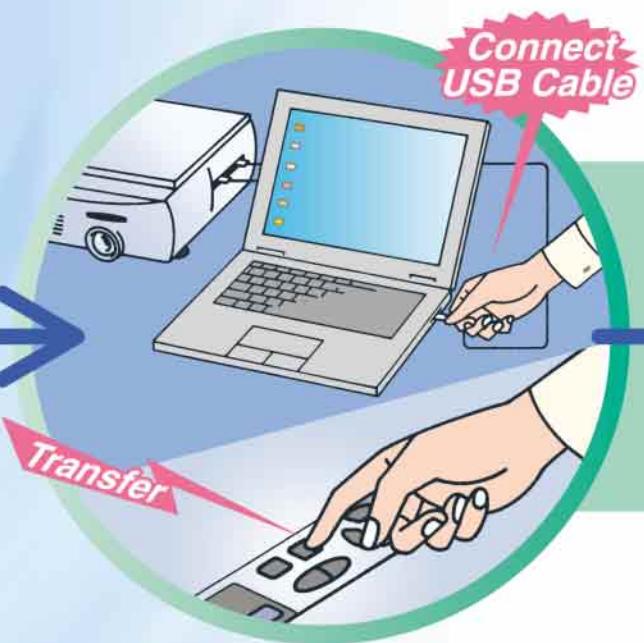

**Built-in 2 million pixels  
CCD Camera**

- An image of a document or a solid object can be projected onto the screen by simply placing them on the glass window of the unit.
- It enables an easy and effective presentation even without having a PC.
- Up to 32 images can be temporarily stored in its internal memory.

## Easy transferring of images to PC

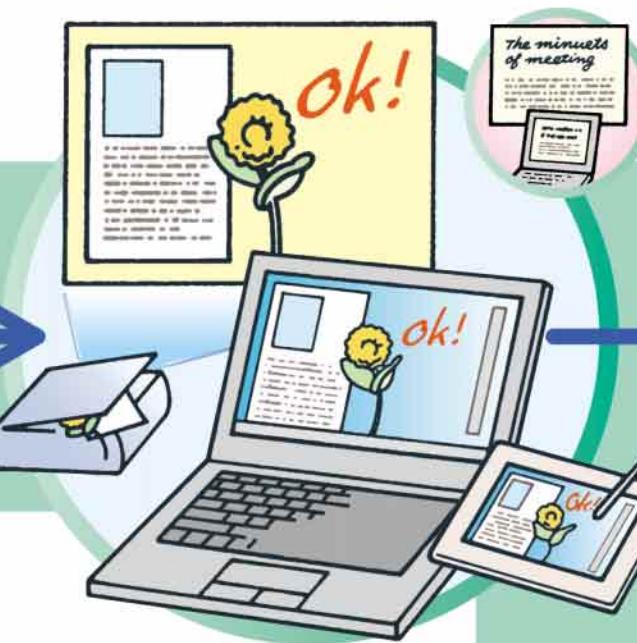

Images stored in its internal memory can be transferred to a PC via USB connection.

- No software installation procedure required.
- iP Viewer software will automatically boot up by simply connecting the cable.
- An image from the document camera can be transferred by a simple button action.

## Effective presentation with annotation

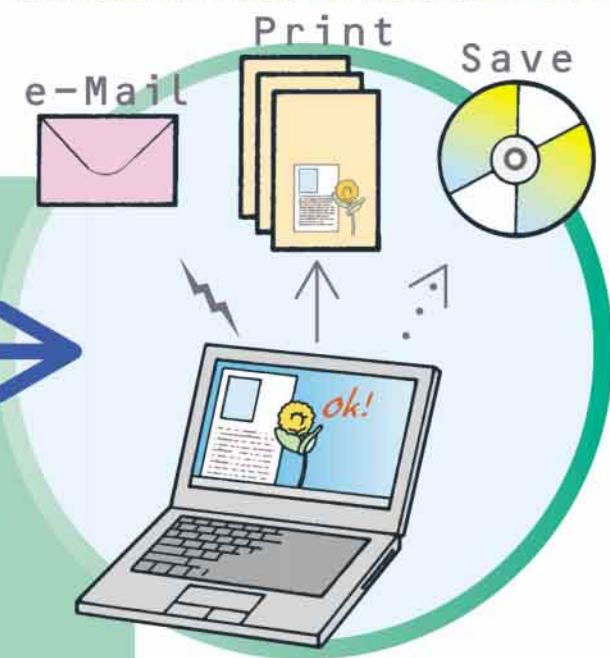

The projection screen becomes a white board.

- During presentation, you can write on the projected image from a document camera or from the data stored in a PC or on the blank white board screen using the pen tool of iP Viewer.
- Writing can be accomplished by using the pen tablet available on the market in addition to using the mouse.
- Zooming or rotational display of the projected image can also be made.

## Storage and distribution of your presentations

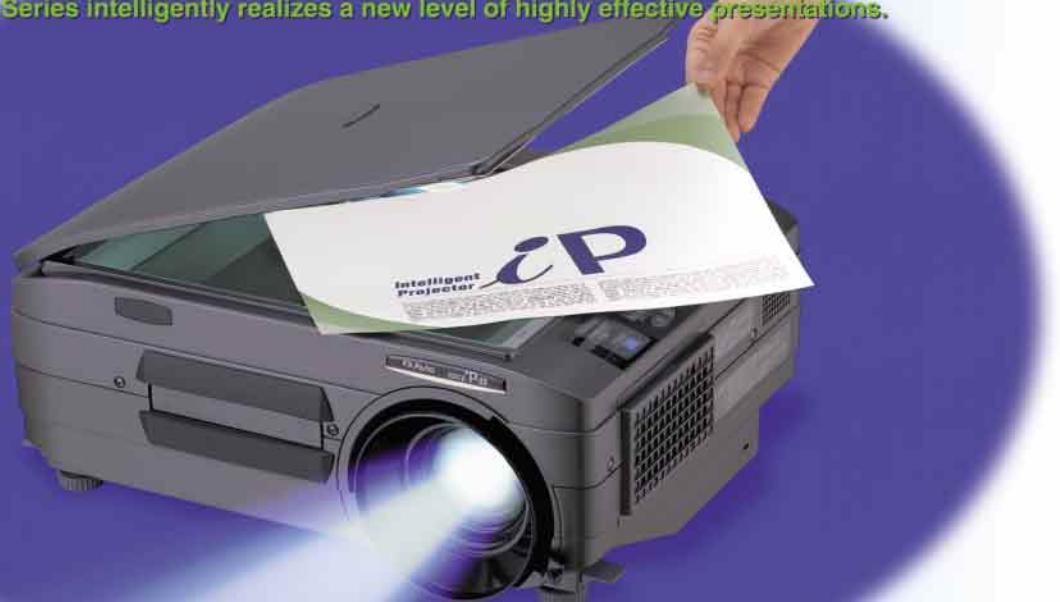

The projected presentation material with additional information written over it can be stored.

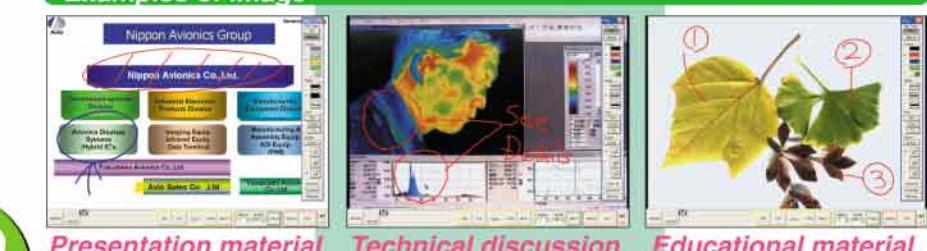

- This feature is convenient when using the same material repeatedly, or printing out or mailing out the material.

# Intelligent Projector *IP* Series

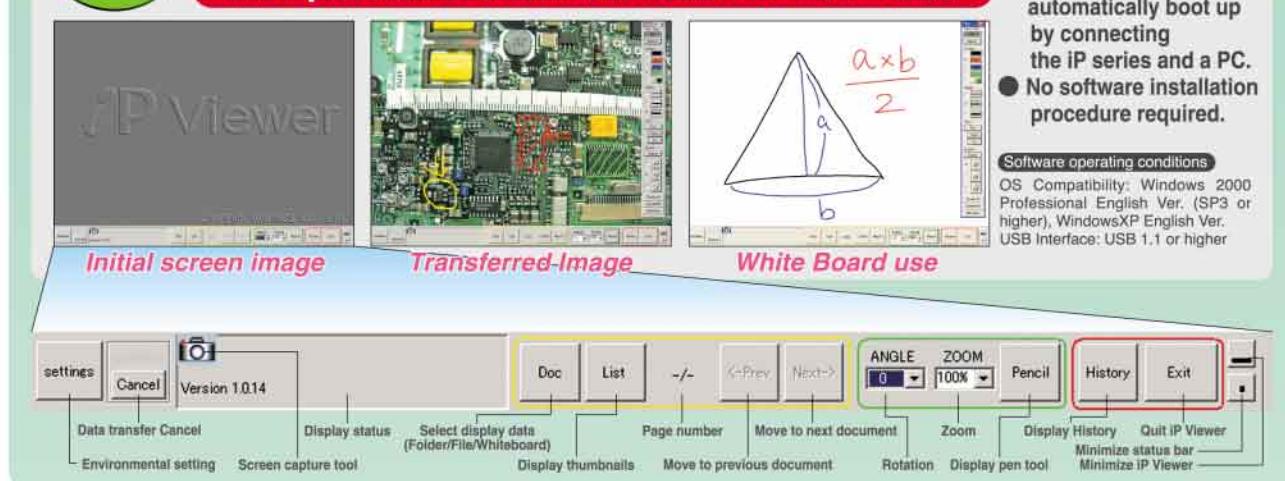

The Avio Multiprojector advances again with the birth of the Intelligent Projector IP Series. Combined function with a PC is improved by the addition of a USB port. The IP Series intelligently realizes a new level of highly effective presentations.

### Examples of Image

**IP Viewer**  
It is a presentation software dedicated for the IP series.

- The software will automatically boot up by connecting the IP series and a PC.
- No software installation procedure required.

**Software operating conditions**  
OS Compatibility: Windows 2000 Professional English Ver. (SP3 or higher), WindowsXP English Ver.  
USB Interface: USB 1.1 or higher

### Configuration

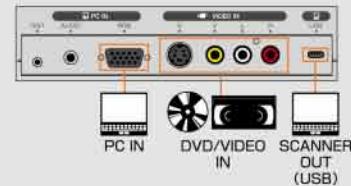

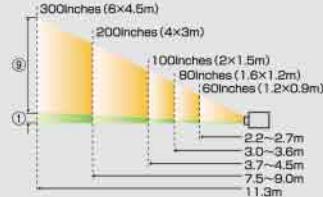

Intelligent Projector **iP-25E**

2,000  
ANSI lm  
SXGA  
Compatible  
USB

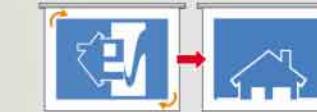

Various functions of iP series  
are integrated into a compact body.  
It is the entry level model which can be easily  
used in a conference room or a classroom.

**Advanced functions  
provide outstanding  
value in a compact format.**

*for Education*

**A4 size vertical  
/horizontal  
display function**

Vertically oriented document can be rotated  
90° on the screen with automatic aspect  
ratio adjustment.

**Zoom and  
scroll function**

Up to 6.25 times zooming and screen  
scrolling after zooming are available.

**Memory function**

Up to 32 projected images can be  
temporarily stored in a memory for  
projection at a later time.

**Keystone  
correction  
function**

Image distortion caused by  
the projection angle can be corrected  
without adjusting the tilt foot of the main  
unit. (IP-25E: ±15° vertically.  
IP-55E/IP-750E: ±10° horizontally and ±15°  
vertically.)

**Pointer  
function**

A pointer can be  
displayed on the  
projection screen  
and manipulated  
freely using a  
remote controller or  
a button on the  
main unit.

**Blank  
screen  
function**

Projection can be  
temporarily stopped.

**Large  
screen  
projection**

Projection can be made  
on various screen sizes, from  
minimum 32 inch to  
maximum 300 inch  
(approximately 6m×4.5m).

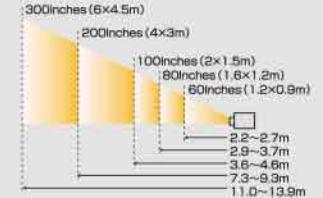

Intelligent Projector **iP-55E**

3,000  
ANSI lm  
UXGA  
Compatible  
USB

It is the standard model capable of handling  
all kinds of presentation. It will help to make your  
discussions fruitful and in making quick decisions.  
Furthermore, the images are clearly visible even  
with the room lights on.

**Supports a wide  
range of presentations,  
for a new office standard.**

*for Business*

Intelligent Projector **iP-750E**

4,500  
ANSI lm  
UXGA  
Compatible  
USB

It is the high end model  
with high brightness of 4,500 ANSI lumens.  
Its sharp images will help to make your presentation  
effective and convincing in a big conference room.

**High-end model boasts  
a high 4,500 ANSI lumens.**
