

A HIGHLY COMPACT AND AFFORDABLE 3LCD PROJECTOR, DELIVERING PERFORMANCE, OPTICAL ZOOM AND EXCELLENT CONNECTIVITY

Designed to help combat theft in schools, this education projector comes with a market leading range of security features. Functional, reliable and easy to use.

- 1500 ANSI Lumens
- XGA Resolution
- Full Connectivity
- Lightweight and Portable
- My Screen Memory Image Store
- Whiteboard/Blackboard/Greenboard Mode

Security Features

- Pin Code Protected
- Transition Detector
- Customised Start-up Screen
- High Visibility
- Security Bar
- Ultra Destruct Labels

ED-X10

ED-X12

ED-X12

1500 ANSI Lumens with optical zoom.

• Full Connectivity - 2 x RGB in and RGB monitor out with audio in/out and versatile video connections.

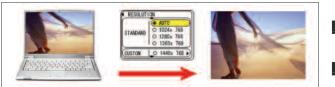

- Quick start and Instant Off These features are ideal for quick presentations. The image will appear in just 3 seconds after power on and the unit can be instantly powered off after a presentation
- Auto vertical keystone just press the button for a perfect screen setting.
- Input source naming the name of any input can be changed to one of your own choosing for easier use.

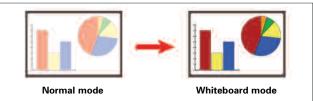

- My button there are 2 user programmable buttons on the remote control that may be set with any command. The user can set up these buttons from a simple, easy to understand menu.

Resolution preset ensures special resolutions, such as WXGA will be recognised and resized and placed in the optimum position. Custom modes can also be stored to remember user's own resolutions.

Whiteboard mode and Blackboard mode – Images displayed on whiteboards may be too bright, whiteboard mode changes the gamma curve to reduce the peak white brightness allowing users to enjoy the benefits of a bright projector but reducing potential health and safety risks of looking directly into one. Blackboard mode provides better colour balance when projecting onto a coloured background.

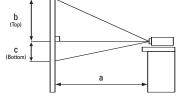

• Anti Theft Features - ED-X10/12 have an impressive suite of anti-theft measures - security bar is a steel bar embedded in the chassis which provides a strong anchor point for a chain. It is also a visible security feature to prevent casual removal:

- -Pin-lock is a means of in-activating the projector until a user preset key sequence is input
- -'My screen lock' allows users to personalise the start up screen with a warning or ownership message and lock this screen with a pin code number
- -Transition detector that operates whenever the projection angle or settings are changed from the installed position this is locked by a numeric pin code.

ED-X10/ED-X12 SPECIFICATION

OPTICAL LCD Panel			
	0.63" P-Si TFT x 3 with MLA		
Resolution	XGA: 1024 dots x 768 lines		
Brightness (Normal)	1500 ANSI Lumens		
(Bright Mode) Contrast Ratio	2000 ANSI Lumens 500:1		
Lens	F1.7~1.9, f=18.9~22.6mm, Manual Zoom x 1.2, Manual Focus		
Lamp	200W UHB		
Focus Distance Distance to Width Ratio (:1)	0.9~9.3 m (WIDE), 1.1~10.8 m (TELE)		
Diagonal Display Size	1.52 (WIDE), 1.7 (TELE) 30~300" (60"@1.8m, wide)		
Colour Saturation	TBC		
COMPATIBILITY			
Computer Compatibility	IBM Compatible VGA, SVGA, XGA, SXGA/SXGA+,		
	UXGA Capability, MAC 13", MAC 16" (Pixelworks Chip)		
Video Compatibility	NTSC/PAL/SECAM/PAL-M,N/NTSC4.43 SDTV: 525i(480i), 525p(480p), 625i(576i)		
	HDTV: 750p (720p@50/60Hz), 1125i (1080i@50/60Hz)		
Plug & Play	DDC2B		
Frequency Range	FV 56~120Hz, FH 31.5~106kHz		
FEATURES			
Keystone Correction	9:1 upward shift, fixed		
Speakers	1 x 1W		
	lish, French, German, Spanish, Italian, Norwegian, Dutch, olified Chinese, Korean, Traditional Chinese, Swedish, Russian,
