

# PLUS

## U3-SERIES

Announcing more choices than ever in a 3 lb. projector. The U3 series from PLUS offers a family of eight powerful projectors that are ready for any situation. You can choose from XGA (1024 x 768) or SVGA (800 x 600) resolution, short focus or zoom lens and even a new "Bright Mode" feature that doubles the projector's lumens at the flip of a switch.

Of course, the U3's come with all the great features you'd expect from PLUS including digital keystone correction, one-touch setup and the ability to connect to virtually any computer or video source.

An incredibly portable 3 lbs.

Choose a U3 with Bright Mode to double your brightness

Digital keystone correction projects a perfectly square image

Choose from short focus or zoom lens

Connects to virtually any computer or video source

Built-in control panel and wireless remote

Ceiling-mountable

### Shipping and Carry-on Cases

Keep your projector safe from the rigors of travel with an ATA-certified shipping case. Or take your laptop and projector on the road in one bag with a rolling soft case.

### Presentation Screens

Choose from a variety of portable presentation screens from PLUS. They will save the day when you can't control your presentation environment.

### Replacement Bulbs

PLUS offers a wide array of replacement bulbs so you can carry a spare anywhere.

### Presenter-to-Go

A new presentation solution from PLUS Vision Corp. and MARGI Systems lets you leave your laptop at the office and use a PDA instead.
