

This DLP™ projector is a stylish, feature-packed projector ideal for the dedicated home theater or any viewing room in the home. Utilizing DLP™ technology from Texas Instruments and with a resolution of 854 x 480, the DT-100 boasts a 2000:1 contrast ratio and a brightness rating of 1000 ANSI lumens, delivering one of the best values available in consumer home theater projectors today.

Features:

High Contrast Ratio 2000:1 enhances the DT-100's ability to discern fine, detailed differences between the darkest and lightest colors and provides superior black level reproduction.

1000 ANSI Lumens is a high ANSI lumens rating that delivers a bright, beautiful picture.

Native WVGA (854 x 480) resolution that is high definition compatible.

Display Method: DLP™ 0.53" from Texas Instruments.

6 Segment 5X Speed Color Wheel achieves flicker free, high-grade images with accurate color reproduction. Minimizes the rainbow effect (color breaking).

Sealed Optics The optical mechanism of this DLP™ projector is sealed in its structure, preventing dust, dirt and smoke from entering the core components of the optics.
