# CP-A100/ED-A100/ED-A110

## Ultra Short Throw LCD Projector

### Don't let a projector come between you and your audience.

Featuring unique Hitachi optical technology, the CP-A100/ED-A100/ED-A110 has an ultra short throw capability delivering a 60" projection screen at only 42cm<sup>\*</sup>.

This allows the projector to be sited very close to the screen, eliminating shadowing effects and allowing greater flexibility for the user. With advanced picture quality, added usability and security features this product will revolutionise the use of projectors in education and business.

\*9.6cm from the front of the projector to the screen

# Hitachi's Ultra Short Throw LCD Projectors

- Unique Hitachi technology
- Ultra Short Throw 42cm for 60"
- Brightness:

CP-A100:	Normal Mode			
	Whisper Mode	_	2000	Lumens
ED-A100:	Normal Mode	_	1500	Lumens
	Bright Mode	_	2000	Lumens
	2.1.9.11			
ED-A110:	Normal Mode	-	1500	Lumens
	Bright Mode	_	2000	Lumens

- Full Connectivity RGB 2in/1out, Video, S-Video, Component, 3 x Audio in, 1 x out
- Network capability LAN through RJ-45
- Easy Maintenance Conveniently located lamp door on top of the projector, plus a highly effective filter ensures that servicing and maintenance are kept to a minimum
- Enhanced Security Security bar, PIN lock, MyScreen PIN Lock, Keypad lock, E-mail alert when connected to a LAN

#### Hitachi Ultra Short Throw technology

The CP-A100/ED-A100/ED-A110 use the world's first, high performance, free shaped lens, uniquely developed by Hitachi, this allows the projector to produce a 60" image, at only 42cm<sup>\*</sup> from the mirror to the screen.

#### Ultra Short Throw. Long term benefits

Using Hitachi's new unique high performance lens, we are able to dramatically reduce the throw distance, combined with the introduction of a high angle projection capability means that the quiet CP-A100/ ED-A100/ED-A110 projector can be sited only 42cm away for a 60" screen.

Benefits include:

- Optimises available space
- Flexible for both intimate or large environments
- More room for presenter and audience
- Shadow free presentations
- No direct glare from the projector light

#### • Versatile Performance

With their compact size and ability to project a 60" image from just 42cm, measured from the mirror to the screen. Hitachi's CP-A100/ED-A100/ED-A110 Ultra Short Throw projectors are perfect in any size of room, be that a boardroom, a classroom or at home and can project either on to a wall or even on a tabletop.

#### Network Capability

LAN through RJ-45. This feature enables you to monitor and control your projector from one place so less time is required for checking and maintenance, reducing the total cost of ownership. For example:

- Turn all your projectors off at once
- Schedule maintenance to reduce the projector downtime
- Prevent loss, with an e-mail alert when the projector becomes disconnected from the LAN

#### Security

Excellent multi-level security protection reduces the risk of theft, including PIN locks, security bar, security labels, Kensington lock, an email alert when removed from the network.

#### • Picture quality

Hitachi's unique high performance lens technology, creates the highest possible picture quality. The vivid 3LCD 8 bit /colour offers 16.7m colours with XGA resolution bringing you clear, and sharp images.

#### Easy Maintenance

Easy maintenance is assured with the inclusion of highly effective parts throughout the projector. The lamp door is located on top of the projector so it's really easy to access the lamp, this combined with the sliding filter door, ensures it is quick and easy to clean, maintain and replace these items.

#### Connectivity

Wide-ranging connectivity features include Dual RGB inputs and one RGB output, Video, S-Video, Component, three audio inputs and one output, plus an RJ-45 socket for wired LAN access.

#### Design

The CP-A100/ED-A100/ED-A110 has been refined to create a complete compact product design. Using stylish contours to create a modern look.

#### Low Noise

With a low noise level of just 29dB, and with the projector further away from the audience, there are fewer distractions in meetings and presentations and the presenter or teacher can concentrate on their presentation or lesson.
