

The Acer S1200 is capable of projecting clear, large images even while it is positioned as close as 1 meter from the screen. Ultra-short throw projection enhances flexibility and provides greater viewing comfort without sacrificing precise image quality.

Casting 2500 ANSI Lumens brightness, 2000:1 contrast ratio and native XGA (1024 x 768) resolution, the Acer S1200 presents sharp details in various scenarios, making it ideal for education and business needs. An HDMI™ port offers advanced digital connectivity to full HD devices, and Acer ColorBoost II technology presents brighter, more natural colors using advanced image processing and lamp illumination, resulting in a richer viewing experience. What's more, the Acer S1200 helps preserve the earth's resources with Acer EcoProjection and Acer ePower Management technologies by offering power-saving configurations.

Acer  1200

Precise ultra-short-throw projection

- Digital Connectivity **HDMI**
- Multi-PC Connection
- Instant Pack
- Auto Shutdown **OFF**
- Quick Start **Start**
- Quick Detection
- Security **PIN**
- Zoom & Pan
- Power Saving **ECO Mode**
- Loop Through
- Alarm Sound
- Built-in Speaker
- Keystone Correction **±40°**
- Color Wheel Rotation **3X(9000 rpm)**

- Resolution **XGA**
- Brightness **2500 ANSI**
- Contrast Ratio **2300:1**
- Lamp Life **4000 hrs**
- Empowering Technology **eTimer**
- Empowering Technology **eOpening**
- Empowering Technology **eView**
- Empowering Technology **ePower**
- High Altitude Mode

Feature highlights

Impressive, sophisticated presentation

- Unique, elegant design
- Acer ColorBoost II technology
- XGA resolution
- 2500 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

Convenient, eco-friendly functionality

- Acer EcoProjection technology
- Longer lamp life (4000 hours)
- ECO mode
- Acer Instant Pack technology
- Automatic safety shutdown
- Digital zoom and pan
- 3X color-wheel rotation speed
- Low noise level
- Built-in speaker
- Alarm
- PIN security
- Windows Vista™ compliance

Empowering usability, prolific connectivity

- Acer Empowering Technology
 - Acer ePower Management with High Altitude Mode
 - Acer eView Management with innovative Blackboard Mode
 - Acer eTimer Management
 - Acer eOpening Management
- Ultra-short throw projection
- Acer SmartFormat technology
- Installation menu
- Keystone correction (40° vertical)
- Quick start
- Quick detection
- Digital connectivity via an HDMI™ port
- Multi-PC connectivity
- Monitor loop-through
- RS-232 port

Acer Projector S1200 Quick Spec

Projection system	DLP®
Resolution	Native: XGA (1,024 x 768) Maximum: UXGA (1,600 x 1,200), WSXGA+ (1,680 x 1,050)
Aspect ratio	4:3 (native), 16:9
Contrast ratio	2000:1
Displayable colors	134 million colors
Brightness	2500 ANSI Lumens
Projection distance	1.6' (0.5m) ~ 12.0' (3.7m)
Throw ratio	82" @ 1m (0.60:1)
Lamp type	Osram 200 W user replaceable P-VIP lamp
Lamp life	4000 hours
Keystone correction	±40 degrees (vertical)
Projection mode	Front, rear, front-ceiling, rear-ceiling
Ceiling mount capability	Yes
Weight	6.6 lbs (3.0 Kg)
Dimensions (W x H x D)	269 x 275 x 103 mm (10.6" x 10.8" x 4.1")
Remote Control	IR remote control with laser pointer & PgUp/ PgDn functions
Noise level	28 dBA

Acer Color Boost II Technology

Acer ColorBoost II optimizes multimedia performance for different scenarios, environments and connectivity interfaces. It is the next generation of ColorBoost performance enhancement technology for Acer projectors — all of which feature a six-segment color wheel for business presentations, educational purposes and entertainment in any venue. With Acer ColorBoost II, Acer projectors deliver enriched details, smoother gradation and brighter natural colors while boosting color strength and performance for more lifelike skin tones and unsurpassed color reproduction.

Acer SmartFormat Technology

Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

Acer EcoProjection Technology

Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 10 W to 5 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

Acer eTimer Management

A digital clock that can be set by the user and displayed onscreen for convenient reference keeps presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

Acer eOpening Management

Acer eOpening Management allows users to easily create a customized startup screen for their Acer projector. Business users can set a corporate logo to create a professional brand image or add owner information to protect the projector from theft. Home users can have fun displaying their favorite photographs.

Acer ePower Management

Acer ePower Management provides quick configuration of power management options, including controls for High Altitude mode and Auto Shutdown.

Ultra-Short Throw Distance

The ultra-short throw distance allows the projector to display clear images while it is positioned very close to the screen. Even at a throw distance of just 1 meter, highly-detailed images can be displayed at up to 82". This feature offers greater flexibility and viewing comfort, making Acer projects ideal for education and business projection scenarios.

About Acer

Since its founding in 1976, Acer has constantly pursued the goal of breaking the barriers between people and technology. Focused on marketing its brand-name IT products around the globe, Acer ranks as the world's No. 3 vendor for total PCs and No. 2 for notebooks, with the fastest growth among the top-five players. A profitable and sustainable Channel Business Model is instrumental to Acer's continued growth, while the successful mergers of Gateway and Packard Bell complete the company's global footprint by strengthening its presence in the U.S., and enhancing its strong position in Europe. Acer Inc. employs 5,000 people worldwide. 2007 revenues reached US\$14.07 billion. See www.acer.com for more information.
