

DX319p DLP® Projector

Your best partner for presentations

- Bright projection 2500 ANSI Lumens
- XGA resolution, 3000:1 contrast ratio for sharp, detailed presentations and graphics
- Energy saving <1W standby mode
- Security bar and password protection for added security
- RS232 for meeting room control systems
- Low ownership costs up to 4000hrs lamp life
- DLP® filter-free design Virtually no maintenance

Interact with your audience

From boardroom to classroom, the DX319p delivers bright, high contrast presentations and images with crystal clarity. Vibrant, life-like colours using BrilliantColor™ technology will ensure your audience is left speechless every time the DX319p is turned on.

The environmentally friendly DX319p has energy saving features including <1W standby mode. Long lamp-life of 4000hrs combined with our unique Optoma Colour guarantee saves you both time and money whilst ensuring hassle-free, long lasting projection.

CLEAR, FOCUSED IMAGES

Technology from Texas Instruments produces a stunning 3000:1 contrast ratio for pin sharp graphics and crystal clear text. Crisper whites, ultra-rich blacks makes images come alive and text easier to read - ideal for business and education presentations.

AMAZING COLOURS

The DX319p incorporates BrilliantColor™ technology to produce stunningly bright images with perfectly balanced life-like colours.

Preset display modes allow you to achieve a perfect image on a variety of surfaces including screens and interactive whiteboards.

COLOUR PERFORMANCE

Optoma guarantees colour quality will remain as new for 5 years*

Once you've purchased the DX319p, Optoma guarantees that the colours will not fade for a minimum of 5 years.

Interact with your students in the classroom

MAINTENANCE FREE = LOWER TOTAL COST OF OWNERSHIP (TCO)

DLP® technology ensures lower cost of ownership, longer life and improved reliability compared to other technologies.

The filter-free projector design means no more regular filter cleaning or replacements, saving you time and money.

TIME AND ENERGY SAVINGS

The DX319p incorporates energy saving features to conserve power and extend the lamp life:

The timer control functions can automatically switch the projector off to standby mode <1W, conserving power and extending the lamp life to an astonishing 4000 hours**.

It takes less than 10 seconds for the projector to power up and shutdown, so the DX319p not only saves time but energy too.

CONTROL

The extensive RS232 command set makes it simple and easy to control the DX319p with any control system.

AMX Compatibility – Dynamic Discovery Protocol is incorporated into the DX319p. This feature allows for easy installation with AMX control systems.

SMOOTH, SEAMLESS PROJECTION

Even in the fastest moving scenes, the DX319p will project a smooth and seamless image. The rapid response of DLP® technology ensures that the projected movie or video game remains perfect and precise.
