Laser projector ideal for the classroom

E501U

Eliminate lamp replacements with long lasting laser technology

The Sharp E Series LCD, laser projector provides the essential features you need to simply and reliably connect with your audience.

Essential Features for Educational Facilities

- WUXGA resolution and 5,000 lumens brightness allow presenters to leave the lights on and still see the images clearly
- Direct power on and quick power off help maximize presentation time
- Built-in 16-watt speaker provides volume needed for typical classrooms
- Plug and play intuitive setup and operation
- Sufficient connections for multiple sources with dual HDMI inputs

Low Maintenance Environmental Design

- Exceptional laser life with ECO Mode™ technology increases operation up to 20,000 hours, while lowering power consumption
- Power management enables projector to automatically turn off when an incoming signal is not detected from any of the inputs
- Auto power on when a signal is detected
- Quick start (3 to 4 seconds) lets you begin presenting in seconds
